June 2023, version 1.0

Position statement on the EU Regulation on Deforestation-Free Products (EUDR)

Givaudan is aware of the EUDR Regulation that will enter into effect towards the end of 2024.

We monitor the legislative process and its applicability to our products and markets and we consult with external stakeholders and collaborate with internal experts and functions to prepare for implementation of the requirements that will become applicable to us.

We will be taking all necessary steps to ensure we comply with all requirements applicable to us according to our role in the supply chain as and when they become applicable to us.
